## FUTURITY IS AN OPEN RACE.

ORMONDALE MAY RULE THE CHOICE IN TO-DAY'S BIG EVENT.

August Belmont's Woolwich and Bridgeman Also in Favor, With a Following for Timber, Plip Flap, Jerry Wernberg and Vendor-Heavy Track at Bay.

The \$50,000 Futurity, six furlangs, will be run over a heavy track this afternoon. In the list of entries sent out by the Coney Island Jockey Club last night seventeen starters were named to go to the post. To pick the winner from this lot will probably puzzle the great growd that will go to the picturesque track, for no particular colt or filly is regarded as having a reasonably fair mortgage on the naving a reasonably fair morrgage on the prize. Among the smart-people yesterday W. O'B, MacDonough's colt Ormondale, a son of the famous Ormonde, was regarded as a possibility, chiefly because of some fast work shown recently at Saratoga, but whether he can run in the mud or not is some thing that nobody seemed able to say. Ormondale is a splendid looker. He has been pointed for this race by Tom Welsh, his trainer, and Redfern will have the mount. He gets in with 117 pounds, and his owner was recently asked to come all the way from California

Next to Ormondale August Belmont's pair, Woolwich, a fine colt by Hastings— Woodvine, and Bridgeman, a son of Octagon—St. Bridget, are in much favor. Woolwich, because of his noted sire's ability to travel well in soft going, should be at home on the kind of track that will prevail to-day. His best race of the season was a victory over the noted First Water in the Expectation Stakes, after which he was a head out of the money in the Great American Stakes, beaten by Battleaxe, Bohemian and Jerry Wernberg. Bridgeman was tried several times at the Spa, but is still a maiden. While his performances were disappointing, the experts were not inclined to pass him up altogether, and it is possible that he will show an improvement

possible that he will show an improvement to-day under favorable circumstances. H. P. Whitney's Timber, by Ogden—Lola A., recently purchased from John E. Madden, will not be allowed to run unbacked, from present indications. His races at Saratoga were not up to the standard set earlier in the season at the local tracks, but Trainer Rogers has not been extending the colt too much, for the reason that he is anxious to have him right on edge when he faces the barrier this afternoon. J. A. Bennet has held to the belief all along that his filly Flip Flap, by Handspring-Alvaretta, has a royal chance, and the fact that she can fly in the mud has strength-ened his confidence in her. She is a rather slow beginner, but a powerful stretch runner, and for that reason will probably have an army of supporters when the betting begins.

Sydney Paget has named Jacobite, a gelding by Golden Garter-Flora Mac, who must take up 123 pounds. This youngster won a number of stakes earlier in the year in such a manner that he would be regarded as a possible factor on a fast track. Newton Bennington has not named First Water, but will depend on Jerry Wernberg, a strapping big colt by Watercress-Fleurette, who has been tried on several occasions but has never won. Vernberg has worked in splendid form for the Futurity, and Bennington, together with his trainer, Fred Burlew, thinks he can win with any kind of fair racing luck. He is a sluggish olt who needs just such a vigorous hustling rider as Frank O'Neill to bring him around or through his company in a great dash down F. R. Hitchcock's representiative is Vendor,

F. R. Hitchcock's representiative is Vendor, a colt by Ogden Vendu, who must pack 127 pounds, including peralities. He has rin some good races and will be handled by Willie Shaw. James R. Keene has named the two Commando soits, Kuroki and Oyama, both of whom have been tried and found wanting in several races, although early in the campaign it was said that they would have the Futurity at their mercy. Fred Burlew, in addition to saddling Jerry Wernberg, will have two starters is his own name in the Madden bred colts, Belmere and Bellsnicker, the former by Ogder Nahmar and the latter by Mirthful—Fright, Leither of whom has startled the turf world with sterling performances.

whom has startled the turi world with sterling berformatees.

S. S. Brown's Accountant, by Filigrane—Reckon, must pick up top weight, 180-pounds, which includes a penalty for winning the Brighten Junior Stakes. This colt has shown much class, but experts believe that the weight will prove too much for him. Father Bill Daly has decided to start Verobese, a colt by Henry of Navarre—Mount Vernon, who won a cracking good race at the Spa and likes heavy going. William Astor Charler's colors will be carried by Artery, a green maiden by Ogden—British Blue Blood, hence a half brother to John A. Drake's Britisher. This by Ogden-British Blue Blood, nerce a nani-brother to John A. Drake's Britisher. This cell was bried by Maddea and sold to Mr. Chanler some time ago. As his recent work was excelle't, it was decided to start him, and Bullman will have the leg up. Zienap, by Florist-Alleviate, and Woodford Clay's filly Runring Water, who may be scratched be-

Special Cable Despatch to THE SUN. BARMEN, Germany, Aug. 25.—The eleventh round of the international chess masters' round of the international chess masters tournament was contested here to-day. Wins were accred by Schlechter from Bernstein, Maroczy from Bardeleben, Leonhardt from John, Alapin from Mieses and Burn from Gottschall, while Marshall and Suechting and Berger and Wolf drew their games. The game between Tschigorin and Janowski remained unfinished. The record to date:

CAPE MAY AUTO RACES. Kilometer Trials Fall to Produce New

Record on the Beach. CAPE MAY, Aug. 25.—The two days auto-mobile meet races over the straightaway tide-washed course here began this morning. The races to-day were devoted to kilometer contests. It was a perfect morning for the events, there being little wind and just an overcast sky to keep off the boiling sun, and the tide was well out and the ocean but little perturbed. The strand was in splendid condition.

Of nine events scheduled for this morning five were run and four had to be post-poned because Henry Ford's racer did not arrive from Detroit, Mich., until this afternoon, nor did Louis Chevrolet's Fiat arrive until 5 o'clock this evening; therefore the speed races between these cars, together with Christie and Campbell in the 80 horsepower Darracq racing car, will be run to morrow, interspersed with the mile contests. Christie made two trials to-day on the kilometer course with his 120 horse-power car and made the first run in 26 4-5 seconds and the second run in 26 1-5 seconds. Campand the second run in 28 1-5 seconds. Campbell, in the 80 horse-Dower Darracq, made 23 4-5 seconds and again 25 1-5 seconds, being 1-5 of a second over Christie's course record made here four weeks ago. To-morrow they will all try to beat this time. The event for middleweight cars from a moving start was won by E. Cedrino, with the 24 horse-power Flat Junior, in 39 1-3 seconds. The second in this race was C. W. Kelsey, who drove his 8 horse-power Maxwell, being the same cay which was driven up Mount Washington three weeks ago. The event for gasoline touring cars up to 30 horse-power driven by owner from a moving start was won by Mrs. Clarence Cecil Fieler in her 28 horse-power Packard in 56 seconds. The event for touring cars up to 20 horse-power Packard, 58 seconds.

The event for touring cars up to 20 horse-power, driven by owner or chauffeur from a moving start, ended in a dead heat between the 20 horse-power Pape-Toledo, driven by Sweeney, and C. W. Kelsey's 8 horse-power Maxwell. The dead heat was run off between the two and the Pope-Toledo won in 56 seconds.

The event for gasoline touring cars up to bell, in the 80 horse-power Darracq, made 23 4-5

the two and the Pope-Toledo won in 56 seconds.

The event for gasoline touring cars up to 40 horse-power, driven by owners from a moving start, was won by J. H. Thropp in his 40 horse-power Winton. Time not taken. The event for touring cars up to 40 horse-power carrying driver and three persons from a moving point was won in the final heat by J. A. Depew in his 40 horse-power Winton in 51 1-5 seconds; J. A. Thropp in his 40 horse-power Winton was second. The event for touring cars up to 50 horse-power or more from standing start was won by J. A. Thropp in his 40 horse-power Winton in 59 seconds; C. J. Swain's 40 horse-power Winton was second. Twenty thousand persons witnessed the race from the board-walk.

the majority of the fistic critics regarded the mill as a bad one.
"Ruhlin did the best he knew how," says Madden, "and because he did not put McCor-mick away in a minute the press out here said that the encounter was not up to exto the mill because the men engaged were not local men. John L. Sullivan was right when he said McCormick was a good man. He is

he said McCormick was a good man. He is clever, an excellent puncher and game and Gus was lucky to win. He had to wear McCormick out and use good generalship, too. I made Ruhlin take his time as much as possible, as we had twenty-five rounds in which to do the trick. I saw Britt outpoint Kid Sullivan and I also saw Jimmy Gardner give Rufe furner a good trouncing. Boxing will last a long while here if they handle it right. But they have got to have a reputable local man or a champion to draw the money. Ruhlin expects to go to Los Angeles and fight Jack Jeffries. From Los Angeles we will visit Salt Lake City, Denver and might take a trip to the Nevada gold fields. Ruhlin will try to secure a match at one of these places if he fails to meet Jack Jeffries. The papers are full of the approaching Britt-velson mill. The best judges favor Britt to win the match."

SIR THOMAS LIPTON HALTS. Will Not Challenge for America's Cup

Under Old Conditions. Special Cable Despatch to TBE SUN. GREENOCK, Scotland, Aug. 25,—Sir Thomas Lipton in an interview to-day said: "Neither Inor Mr. Mylne, my designer, will agree to Inor Mr. Mylne, my designer, will agree to enter upon negotiations which do not recognize the futility of challenging under the old conditions. Mr. Mylne, approaching me on the subject some time ago, spoke in the most upoquivocal terms on this point. "I am, "said Sir Thomas, "desirous, and even auxious, to build a challenger, but I am necessarily at a standstill owing to the position assumed by the New York Yacht Club, which simply asks for a challenger and says it will consider the conditions afterward." This, in Sir Thomas Lipton's view, is too severe a handicap, and must be modified in the direction he asks.

Non-Stop Autos Run in Rain. LONG BRANCH, Aug. 25.—The three cars in the non-stop contest at Long Brench exto-day. The weather, however, did not interfere with their running. The Frayer-Miller car, F. E. Moskovo's entry had a clear lead of over four hundred miles at 7 o'clock tonight. The record at 7:15 o'clock this evening was Frayer-Miller car, 2,230; Corbin, 2,130; Wayne, 1,690. The four Maxwell cars in the tire contest had rounded up 1,370 miles at 7:40 o'clock.

CINCINNATI. Aug. 25.—The track was slow at Latonia to-day and the card poor. The steeple-chase was cut out because it did not fill. Western Duke, the prohibitive favorite in the second race, stopped in the stretch it spite of the efforts of Jockey Radike, and could only get second place to Hortensia. Golfers Undaunted by the Downpour Play in Earnest Style Peters, Jr., and Frew Make the Semi-Pinal of the First Cup
-Tournaments on Other Courses.

Rainsoaked links did not bring a halt to the golfing at the Deal Golf Club tournament yesterday, but the downpour brought out some novel and odd combinations in sweaters and storm rigs among the players. Sixteen survive for the semi-final rounds in the first four cups of the 119, representing fifty-three clubs, to finish in the qualifying round. The semi-finals will be played this morning; also the beaten eight matches and a handi-

Travers was the score hero of the morning for despite the drizzle he had the amateur record died but for taking three puts on the home green. Here he drove the green 260 yards and guarded by a hazard, but the three puts made the total 79, instead of the record mark of 78. Travers had S. D. Bowers as an opponent, who won the first hole in 4, but thereafter could not hold the pace. Travers went out in 42, and Bowers in 47, the former coming in with 37 to 44 for Bowers and winning by 6 and 4. Travers's card was: 

Sherman went out in 41 in the morning and Peters in 46, both winning their matches easily. Peters caught a 2 on the 100 yard thirteenth hole, as he did on Thursday. The afternoon play brought up Sherman on an equality with Travers as to scoring, for he made a 79,(42 and 37) in putting out Wallace. made a 79,(42 and 37) in putting out wailace. This morning he will meet Peters, who went out in 43 against Pfeil. Sherman won the first cup last year, and on his play thus far he seems to be still the contender most to be feared this year, for Travers had three 6s and a 7 in his afternoon match against Mackellar and may not be as steady in the long

Kearsarge Crew Wins Rowing Race for \$3,500.

Newport, Aug. 25.—A rowing race was held this morning between the cutter crews of the battleship Kearsarge and the Hibernian Boat Club of Newport, for the Narragansett

Boat Club of Newport, for the Narragansett Bay challenge cup and a side purse of \$3,500. The cup was offered by the Hon. F. P. Garretson and was held by the Hibernians, the Kearsarge challenging, and winning by seven boat lengths.

The race was over a four mile straights way course, the finish being in the inner harbor. The Kearsarge crew, which is the champion of the fleet, was heavily backed by the men from the fleet. Admiral Evans postponed the departure of the squadron until afternoon in order to allow the race and this afternoon the fleet sailed for Watch Hill. The time of the race was: Kearsarge, 28 minutes 11% seconds; Hibernians, 28 minutes 48% seconds.

Newport, Aug. 23.—The first match for the Newport cups at the Westehester Polo Club field was played this afternoon between Myopia second and the New Haven Freebooters, the former winning by a score of 19 to 8%. It was a fast and exciting game, but the Myopia team was too atteng for its opponent, the work of Milburne particularly showing out. Before the game M. Norman was thrown from his pony and knocked out, but after a rest of ten minutes was able to play.

GLORIA WINS MINOT CUP. G. Herrick Duggan Sails the Fife Cutter to Victory at Hallfax.

HALIPAX, N. S., Aug. 25.- The race sailed to-day in Halifax Harbor for a silver cup presented by Commodore Laurence Minot of the Eastern Yacht Club in recognition of the hospitality of the Royal Nova Scotla Yacht Squadron was won by the Fife cutter Gloria owned by J. K. L. Ross, son of James Ross of the Dominion Steel interests, and sailed by G. Herrick Duggan, the well known designer of Seawanhaka cup defenders.

The wind was light from the north and the

entertained a party of local yachtsmen on board the Ni agara. Later he attended a tea given by Commodore Jones of the Royal Nova Scotia Yacht Squadron and Mrs. Jones at their summer residence on the Northwest Arm. Mr. Gould has as guests on the Niagara Judge L. J. Conlan, E. W. Sells and Melville D. Chapman of New York. This evening a ball was given at the house of the Royal Nova Scotla Yacht Squadron, which was attended by Mr. Gould and his party, F. F. Brewster of the schooner Elmira and his guests, Arthur F. Luke of the schooner Corona and his guests, and practically all the other Americans in the fleet of yachts here.

This afternoon the steam yachts Felicia and Hiawatha of the New York Y. C. arrived, and Hiawatha of the New York Y. C. arrived, and this evening all the yachts were illuminated, the Niagara stringing 2,000 electric bulbs from cutwater to truck and over the stern, with a rope of them along the waterline. To-morrow the challenge cup presented by the present King of England to Halifax yachtemen in 1869 will be raced for.

The star entries are the Elmina and Corona. The course is thirty miles, and a stiff race is expected. The cup if won may be held nine months. A special cup put up by the local club will go to the winner in each class.

ATHLETES TO BE PROSECUTED.

A. A. U. to Raise a Fund for Bringing Shady Amateurs to Justice. Prominent officials of the A. A. U. have planned the introduction of a scheme at the national convention next November which they are of opinion will stop athletes from competing under assumed names and at unsanctioned meets. The plan is to inaugurate a fund to be devoted to the purpose of prosecuting athletes found guilty of impersonation and who have previously contested with or against professionals and who afterward try to pose as amateurs, assuming another name for the purpose. Acquiring money or goods in other walks of life by false pretenses is a public misdemeanor, and legal authorities assert that the same law applies to athletic sport. It is a legal offense in Eng-land, and frequently athletes have been brought up in court for winning prizes under conditions contrary to the laws of amateur athletics.

The same methods will be tried here, A. A. U. officials say, and from the arguments they offer they seem to be well posted on the laws of the land. The cause of this step by laws of the land. The cause of this step by the A. A. U. officials is the frequent offeness by registered athletes in competing at picnics and other professional games. All this year a number of the metropolitan athletes have been making the rounds of the unsanctioned meets, and, though they little dramed it, were being watched by A. A. U. scouts and their names reported to the registration committee. Chairman John Steil has a list of these offenders, and it is probable that after an investigation they will be suspended forever.

Inviese, cup challenger of the Riverton Club, won second place, trailing the winning Chip by n early two minutes. The remaining entries finished in the following order: T. Z. R., Frontenac Club, third: Shooting Star, Manhas set Eay Club, fourth: Skeeter, New York Club, fifth, and Flip of the Hartford Yackt Club sixth.

This afternoon, soon after the starting gun the So Long.owned by George Hasbrouck the entry of the Thousand Island Yacht Club, broke down and was added to the list of hoats that have dropped from the race. The summary of points won in the first two heats is as follows:

Chip, 16: Inviese, 14; T. Z. R., 11: Shooting Star, 9: Skeeter, 5: Flip, 2. These five racers will start in the final heat of the race to-morrow afternoon.

A water carnival in honor of the visiting yachtsmen from New York and other cities was given this evening off the Frontenac waterfront by the Frontenac Yacht Club.

The New York American League Baseball Club is not overlooking any opportunities to put a strong team in the field next season ic so far as the engaging of young players of promise from minor leagues will accomplish that end. The team is a strong one already, but realizing that ambitious youngsters must be had from time to time to take the place of the older men as they lose the edge of their speed Frank Farrell and Manager Griffith already have fastened on to no less than ten players from minor leagues, players who have made their marks in the minors

who have made their marks in the minors and who have been recommended by expert scouts. All the players named here have been purchased, the club preferring to go down in its pocket and not to wait for the drafting scason. The tet players are:

Keefe, pitcher from the Tacoma club: Hahn, outfielder from New Orleans: Delehanty, outfielder from Birmingham: Thomas, catcher from Providence: Rissenger, pitcher; McAllister, catcher, and La Porte, second baseman, all from the Buffalo club; McCarthy and Leroy, pitchers, from the Montreal club; Mright Leroy, pitchers, from the Montreal club. The Pacific Coast, Southern and Eastern leagues and American Association are represented in the list. Delehanty already is with the New Yorks, La Porte is to join the team before the end of the month and the others before the middle of September. Delehanty and Hahn were at the top of the batting heap in the Southern League, Thomas is said to be the best catcher in the Eastern League and is a good sticker. Moriarity was the crack third baseman of the American Association and a fast man on the bases. Rissenger has had big league experience, having played with Detroit in the American League.

Rain Prevents Tennis at Newport. NEWPORT, Aug. 25 .- There was no play in the fourth round of the national tennis tournament at the Casino to-day, it being prevented by a heavy rain which set in last evening and which continued throughout the night and to-day, making it impossible to use the courts. As a result the championahi, games will go over to Thursday next, extending the tournament one day longer than ordinarily, but if the weather should continue to be bad it will be necessary to rush the play next week, as the Casino grounds the latter part of next freek will have to be made ready for the horse show, which opens the first Monday in September. Yesterday the drawings for the consolutions were made and these will also be started to-morrow if the weather will allow. There is how a northeast storm and the prospects for good weather to-morrow are not very encouraging as such a sterm usually lases three days has the night and to-day, making it imp

Americans steered to victory in an eleven inning game in Cleveland yesterday. The Bostons, who were threatening to dislodge them from fourth place, were put out twice by the Chicagos, and there is no danger from that quarter, for a while at least. The New Yorks are pressing hard on the heels of the Blues. As the Philadelphias won in Detroit the race became still more of a tussle between vivified St. Louis Browns whifewashed the Washingtons. CLEVELAND, Aug. 25 .- Allowing the New Yorks only three hits in ten innings, Donahue lost the game to-day in the eleventh inning on a base on balls, three hits and an error which netted three runs. Up to that inning Donahue had Griffith's band at his mercy. Clark Griffith then got off first base and hurled a line of talk at the sorrel top that Clark Griffith then got off first base and hurled a line of talk at the sorrel top that confused him. He protested to Sheridan, and the latter sent Grif to the bench. Nothing daunted, he again became sarcastic, the result beng that the umpire escorted him off the field. Donahue was by this time badly rattled and everything he served up was rapped to the outer garden. In the eleventh inning McGuire banged a drive to Donahue, it was too swift for him, but he knocked it down, and Turner, rushing up on a dead run, grabbed the ball with one hand and fired it to first, beating McGuire by a foot. Then Chesebro was passed. Dougherty singled, and Keeler doubted against the left field fence, scoring the pitcher. Elberfeld's single scored Keeler. Williams was safe on Bradley's error and Delehanty hit into a double play that retired the side. Bradley reached third in the second inning on a fielder's choice, an out and Carr's single, but was run down when McGuire threw to Williams, playing in, as Carr stole second. Jackson scored in the eleventh on his single, Ray's out, Flick's single and an error. The score:

The New York Nationals will have to play off one of the games scheduled for the Polo Grounds in Cincinnast. There is no chance to play off both the tie of last Thursday and the postponeinent of yesterday at home, and as the Reds do not return here this season, one of the games goes to Cincinnati. Mathewson is going some these midsummer days. He has shut out his opponents in three out of his last four games; and in all four of the games opponents have made the skimpy total of two runs. Only sixteen hits were made by opponents in the four games, and average of but four hits agame.

I. J. P.—In the squeeze play, which is usually tried with a man on third, with not more than one out, the man on third starts for the plate as the pitcher begins his swing. The batter then tiles to bunt the ball on the ground, and if he is successful the start the runner from third gets will enable him to score.

Catcher Phelps had two bad accidents this season. In New York the Cincinnati receiver's head was cut by Mertes's bat, and in Philadelphia the other day a foul tip jammed his hand between the thumb and foreinger and tore the fiesh for several inches. He will probably be out of it for the remainder of the season. By the way, why does not somehody get up a list of baseball injuries and then start a howl against the game, as is done against football?
